CLASS 7A ASBESTOS PD CLAIMS**

This Case Management Order ("CMO") provides procedures for the resolution of all Class 7A Asbestos PD Claims (other than Class 7A Asbestos PD Claims that have been Allowed as of the Effective Date pursuant to PD Settlement Agreements).<sup>1</sup>

- I. The procedures with respect to Class 7A Asbestos PD Claims filed prior to the March 2003 Bar Date shall be as follows:
- A. Unresolved Asbestos PD Bar Date Claims, other than Asbestos PD Claims (i) which have been disallowed and/or expunged, and for which the Holders of such Asbestos PD Claims have filed appeals, which appeals are pending as of the Effective Date; or (ii) as to which class certification has been denied and an appeal from such denial of class certification is pending as of the Effective Date, will be adjudicated in accordance with the Amended Order Setting Various Deadlines Regarding Objections to Class 7A Asbestos Property Damage ("PD") Claims, entered by the Bankruptcy Court on \_\_\_\_\_, 2010 (Dkt. No. \_\_\_\_ ) ("Amended Order") and attached hereto as Exhibit A.
  - B. With respect to any and all Class 7A Asbestos PD Claims which were filed as of the March 2003 Bar Date and (i) which have been disallowed and/or expunged by the Bankruptcy Court and for which the Holders of such Asbestos PD Claims have filed appeals, which appeals are pending as of the Effective Date; or (ii) as to

<sup>1</sup> Capitalized terms used in this Case Management Order and not otherwise defined shall have the meanings assigned to them in the First Amended Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code of W. R. Grace & Co., et al., the Official Committee of Asbestos Personal Injury Claimants, the Asbestos PI Future Claimants' Representative, and the Official Committee of Equity Security Holders Dated as of February 27, 2009 (the "Plan").

which class certification has been denied and an appeal from such denial of class certification is pending as of the Effective Date:

1. The appeals shall proceed to completion.
2. The Anderson Memorial class claims (Nos. 09911 and 09914) shall remain inactive unless and until there is a final, appealable order with respect to the Anderson Memorial individual claim (No. 011008).
3. Claims for which appeals are successful, resulting in reversal of the Bankruptcy Court order(s) disallowing and expunging the claims (including the sixteen Asbestos Property Damage Claims filed by the State of California, Department of General Services, and thirty-seven Canadian Claims filed by Speights & Runyan), or denying class certification, shall be remanded to the Bankruptcy Court for proceeding[s] consistent with this CMO for Class 7A Asbestos PD Claims and the Amended Order and the exhibits thereto. For the avoidance of doubt, Section II of this PD CMO does not apply to such proceedings and/or any other proceedings ordered by the court(s) of appeal.

II. The procedures with respect to Class 7A Asbestos PD Claims, other than (i) Asbestos PD Claims that have been allowed pursuant to a PD Settlement Agreement; and (ii)

- A. **Proof of Claim:** In order to assert a claim against the Asbestos PD Trust for a Class 7A Asbestos PD Claim, a Class 7A Claimant must file a Proof of Claim (the "POC") with the Asbestos PD Trust.
  1. The POC shall provide the following information to the best of the Class 7A Claimant's knowledge, information or belief:
    - (A) Class 7A Claimant's name, the last four digits of the claimant's social security number or FEIN, mailing address, and attorney's name, law firm name, mailing address and telephone number.
    - (B) Property address.
    - (C) Whether the Class 7A Claimant owned the property on the March 2003 Bar Date and, if not, who owned the property on the March 2003 Bar Date.
    - (D) Whether the Class 7A Claimant or someone else on his, her, or its behalf completed any interior repair or renovations on the property that disturbed, dislodged or affected any asbestos-containing product(s) manufactured or distributed by any of the Debtors

(hereafter "Asbestos-Containing Products") in the property. If yes, specify the dates and description of such repair or renovations.

- (E) Whether any other interior repair or renovations were completed on the property during any other period of time that disturbed, dislodged or affected any Asbestos-Containing Product(s) in the property. If yes, specify the dates and descriptions of such repair or renovations.
- (F) When the Class 7A Claimant or someone on his, her, or its behalf installed Asbestos-Containing Product(s) in the property.
- (G) If the Class 7A Claimant or someone on his, her, or its behalf did not install Asbestos-Containing Product(s) in the property, when such product(s) was/were installed.
- (H) Copies of all documentation relating to the purchase and/or installation of the Asbestos-Containing Product(s) in the property. If the documents are too voluminous to attach, attach a summary of the documents indicating the name of each document, date of each document, a brief description of the document, the location of the document, and who has possession of the document. If a summary of documents is provided rather than the documents themselves, the Class 7A Claimant is required to consent to the production and release of those documents to Grace upon Grace's further request.
- (I) When the Class 7A Claimant first learned of the presence of Asbestos-Containing Product(s) in the property for which the Class 7A Claimant is making this claim. Provide copies of all documents relating or referring to the presence of such asbestos or such Asbestos-Containing Product(s). If the documents are too voluminous to attach, attach a summary of the documents indicating the name of each document, date of each document, a brief description of the document, the location of the document, and who has possession of the document. If a summary of documents is provided rather than the documents themselves, the Class 7A Claimant is required to consent to the production and release of those documents to Grace upon Grace's further request.
- (J) When the Class 7A Claimant first learned that the Asbestos-Containing Product for which the claim is being made contained asbestos.
- (K) Whether the Class 7A Claimant or someone else on its behalf made any effort to remove, contain and/or abate the Asbestos-Containing Product(s) in the property for which the Class 7A Claimant is making this claim. If yes, provide copies of all

documents relating or referring to such efforts. If the documents are too voluminous to attach, attach a summary of the documents indicating the name of each document, date of each document, a brief description of the document, the location of the document, and who has possession of the document. If a summary of documents is provided rather than the documents themselves, the Class 7A Claimant is required to consent to the production and release of those documents to Grace upon Grace's further request.

- (L) If the Class 7A Claimant or someone on his, her, or its behalf has not made any effort to remove, contain and/or abate the Asbestos-Containing Product(s) in the property for which the Class 7A Claimant is making a claim, whether anyone else made such an effort and, if so, when.
- (M) Whether any individual asbestos-related property damage lawsuit or claim has been filed against Grace relating to the property for which the Class 7A Claimant is making the claim.
- (N) Whether any individual asbestos-related property damage lawsuit or claim has been filed against any other party relating to the property for which the Class 7A Claimant is making this claim.
  - (1) If an asbestos-related property damage lawsuit has been filed relating to the property for which the Class 7A Claimant is making the claim, provide the following information about each such lawsuit or attach a copy of the face page of each complaint filed: the caption; the court where the lawsuit was originally filed; the docket number; and the date filed.
  - (2) If an asbestos-related property damage claim has been filed relating to the property for which the Class 7A Claimant is making the claim, provide the following information about each such claim or attach a copy of the face page of each claim filed: the description of the claim; the date submitted; and the name of entity to whom the claim was submitted.
- (O) When the Class 7A Claimant first learned of W. R. Grace's bankruptcy cases.
- (P) A list of all newspapers and magazines to which the Class 7A Claimant has subscribed.
- (Q) The dollar amount of the Class 7A Claimant's claim.

2. The POC forms shall be maintained by a claims processing agent appointed by the Trust and reasonably satisfactory to Grace, and shall be promptly provided to Grace.
3. Filing a POC shall toll any applicable statutes of limitations. Such tolling shall end at the conclusion of the first business day following the 20<sup>th</sup> day after entry on the Court's docket of the order permitting the holder of the Asbestos PD Claim identified in the POC to prosecute such claim pursuant to Section ILC of this PD CMO.
4. Class action claims shall not be permitted. For the avoidance of doubt, the foregoing prohibition against the filing of class action claims shall not (i) be asserted by Grace as a basis for dismissal of any appeals by Anderson Memorial Hospital of the denial of class certification, (ii) be construed to require the dismissal of, or require any particular ruling with respect to class certification in, any subsequent proceedings on remand, if any, from any such pending appeals, and (iii) be construed in a manner which conflicts with any mandates issued by the Third Circuit Court of Appeals in any such pending appeals.

**B. Discharge and Authority to Proceed in Litigation:**

1. Within 45 days of receipt of the POC from the Asbestos PD Trust, Grace will request any additional information it believes is necessary to evaluate whether to file an Asbestos PD Claim Discharge Motion as set forth herein.
2. Within 45 days of receiving such request(s) from Grace, a Class 7A Claimant shall provide to Grace the requested information, subject to all applicable objections, privileges or exemptions from discovery.
3. Not later than 45 days after receipt of such information from the Class 7A Claimant, Grace, on behalf of the Asbestos PD Trust, shall file in the Bankruptcy Court a motion (an "Asbestos PD Claim Discharge Motion") seeking to enjoin or otherwise terminate the prosecution of such claim on the ground that the claim is barred by the discharge granted to Grace pursuant to confirmation of the Plan and the March 2003 Bar Date.
4. Should Grace choose to file an Asbestos PD Claim Discharge Motion, that Motion shall be heard and decided under the appropriate governing federal laws, rules and Bankruptcy Rules, as applicable. In its sole discretion, Grace shall be authorized to prosecute an Asbestos PD Claim Discharge Motion on behalf of the Asbestos PD Trust.
5. Neither Grace nor the Asbestos PD Trust shall file a declaratory judgment action against a Class 7A Claimant who has filed a POC except as a counter-claim.

6. In the event that the Bankruptcy Court rules that an Asbestos PD Claim is barred by the discharge pursuant to the Plan or the March 2003 Bar Date, (a) the Asbestos PD Trust shall have no liability to pay that barred Asbestos PD Claim and (b) neither (i) Grace, (ii) any of the Sealed Air Indemnified Parties, (iii) any of the Presenius Indemnified Parties, nor (iv) any other Asbestos Protected Party, solely in its capacity as an Asbestos Protected Party and in no other such capacity, shall have any liability on account of that barred Asbestos PD Claim; provided, however, that Grace shall, consistent with the Case Management Order for Class 7A Asbestos PD Claims and the Asbestos PD Trust Agreement, be responsible to the Asbestos PD Trust for all reasonable costs, including, but not limited to, attorneys' fees, which may be incurred by the Asbestos PD Trust with respect to that barred Asbestos PD Claim.
- C. **Litigation of a Class 7A Asbestos PD Claim following resolution of a Class 7A Asbestos PD Claim Discharge Motion:**
1. In the event: (i) Grace fails to timely file on behalf of the Asbestos PD Trust an Asbestos PD Claim Discharge Motion; or (ii) a final order is entered with respect to an Asbestos PD Claim Discharge Motion finding that the Class 7A Asbestos PD Claim is not barred by the discharge pursuant to the Plan or the March 2003 Bar Date or otherwise permits the claim to go forward, the Class 7A Claimant holding such Class 7A Asbestos PD Claim shall be permitted to prosecute such claim against the Asbestos PD Trust in, but only in, the United States District Court for the District of Delaware or such other United States District Court that has jurisdiction over the action commenced with respect to such claim.
  2. For the avoidance of doubt, in any litigation commenced pursuant to this Section II.C, all applicable Federal statutes, Federal Rules of Civil Procedure, Federal Rules of Evidence and applicable Federal local court rules shall apply.
  3. To the extent set forth in the Asbestos PD Trust Agreement and the Plan, Grace shall be authorized to represent the Asbestos PD Trust in such litigation and shall have sole discretion in the prosecution of such defense.
  4. The Asbestos PD Trust shall pay in Cash the Allowed Amount of such Asbestos PD Claim.

On October 13, 2006, the Court entered a revised Scheduling Order (Docket No. 13406) to adjudicate Debtors' 15<sup>th</sup> Omnibus Objections (Substantive) to the nearly 4000 Asbestos Property Damage Claims that had been filed against Debtors in these proceedings. Most of those Asbestos Property Damage Claims have since been resolved. Of the nearly 4000 Asbestos Property Damage Claims initially filed, there remain 56 Asbestos Property Damage Claims that, as of this date, have not been resolved. A list of the unresolved Asbestos Property Damage Claims is attached to this Order as Exhibit A. With respect to these Asbestos Property Damage Claims, the Court hereby enters this revised Scheduling Order.

**WHEREFORE, IT IS HEREBY ORDERED THAT:**

**A. 39 Canadian Claims**

2. Any of the (i) 35 Canadian Claims that are subject to a successful appeal of the Bankruptcy Court's April 14, 2009 Order granting summary judgment to the Debtors, and (ii) Canadian Claim Nos. 012534 and 012536 on Exhibit A that are not resolved by settlement or dismissed by motion shall be scheduled for trial on Debtors' limitation period objections on \_\_\_\_\_, 2010 commencing at 9:00 a.m. Eastern time, in Pittsburgh, Pennsylvania, or as soon thereafter as possible. The pretrial schedule for the limitation period trial is set forth on Exhibit B to this Order.

3. Any claims (i) that are not disallowed or expunged as a result of the foregoing limitations period trial or (ii) that were the subject of a statute of limitations trial on April 19, 2010 and were disallowed by the Bankruptcy Court's May 4, 2010 Order, if such claims are subject to a successful appeal of that Order, shall be set for trial on Debtors' lack of hazard objection on \_\_\_\_\_, 2010, commencing at 9:00 a.m. Eastern time, in Pittsburgh, Pennsylvania, or as soon thereafter as possible. Debtors' lack of hazard objection to the individual claim filed by Anderson Memorial Hospital (Claim No. 11008) shall also be tried at that time. The pretrial schedule for the damages trial is set forth on Exhibit B to this Order.

**B. The California Claims**

thereafter as possible. The pretrial schedule for the lack of hazard trial is set forth on Exhibit C to this Order.

8. Motions for summary judgment or to dismiss regarding lack of hazard may be filed by any party at any time prior to 4:00 p.m., Eastern time, on \_\_\_\_\_, 2010. Responses must be filed no later than 4:00 p.m., Eastern time, on \_\_\_\_\_, 2010. Replies must be filed no later than 4:00 p.m., Eastern time on \_\_\_\_\_, 2010. Any summary judgment motion or motions to dismiss that are filed shall be heard by the Court at the Omnibus Hearing on \_\_\_\_\_, 2010, or as soon thereafter as possible.

9. Any of the California Claims that have not been disallowed or expunged after the Court rules on Debtors' lack of hazard objections shall be set for trial on damages on \_\_\_\_\_, 2010, commencing at 9:00 a.m., Eastern time, in Pittsburgh, Pennsylvania, or as soon thereafter as possible. The pretrial schedule for the damages trial for the California Claims is set forth on Exhibit C to this Order.

C. Miscellaneous

10. This Order supersedes any and all other scheduling orders previously entered by this Court regarding Asbestos Property Damage Claims.

11. The Court shall retain jurisdiction over the Asbestos Property Damage Claims listed on Exhibit A of this Order to adjudicate the merits of Debtors' objections to those claims and damages, if any, resulting from those claims after confirmation of a Plan of Reorganization in these proceedings.

12. Within ten (10) days of entry of this Order, the Debtors will serve this Amended Order on counsel for all claimants listed on Exhibit A to this Order.

**ANDERSON MEMORIAL HOSPITAL'S STATUS REPORT**  
**RE CLASS PROOFS OF CLAIM (#9911 and #9914)**

At the direction of the Court, Anderson Memorial Hospital ("Anderson"), by and through its counsel, Speights & Runyan ("S&R"), provides the following Status Report:

**I. Before The Bar Date**

Before the bar date, this Court told Anderson and others that when it came to class proofs of claim, it would follow Judge Gambardella's opinion in In re Interregional Equity Corp., 227 B.R. 358 (D.N.J.1998). [Bankr. Doc. No. 1793, 2/25/02, Tr. at 97]. The Court explained to Anderson and others that Judge Gambardella and "most of the other Courts that looked at this issue, decided you do not need the individual claims if you permit the class proof of claim," but that it was "not sure in every given case that you don't also need either an individual claim form or an identification of the Claimant." [Id. at 97-98]. The Court also observed that in Judge Gambardella's case, "**she did not need to get into the individual proof of claim form because attached to the class group was a list of all the putative claim holders. And she found that that was sufficient.**" [Id. (emphasis supplied)].<sup>1</sup>

---

<sup>1</sup>At this same hearing, this Court indicated that a claimant would need permission to file a class proof of claim. However, the Court later reversed itself at the next two hearings, and did not include the prohibition on class claims which Grace originally proposed. [Appeal D.I. 9; Contrast Bankr. Doc. No. 1664 ¶ 7 with Bankr. Doc. No. 1963].

Judge Gambardella also specifically ruled that a class would not be limited to “those individual claimants who had filed individual proofs of claim within the bar date.” In re Interregional Equity Corp., 227 B.R. 358 (D.N.J. 1998). Judge Gambardella cited a number of cases in support of that holding, including In re Charter Co., 876 F.2d 866, 871 (11<sup>th</sup> Cir. 1989) and In re: American Reserve, 840 F.2d 487, 492 (7<sup>th</sup> Cir.1987). Recently, Grace has conceded (in the District Court) that class certification is not limited to claimants who file individual proofs of claim within the bar date if the class representative attaches a list of the putative claim holders to its proof of claim.

## **II. The Class Proofs of Claim**

Anderson then and now agrees with “most courts’ that all it had to do was to file a class proof of claim. Anderson did just that. In fact, Anderson filed three proofs of claim: a “worldwide” class proof of claim (#9911) [TAB A]; a statewide class proof of claim (#9914) [TAB B]; and an individual proof of claim (#11008) [TAB C]. Grace has represented in its proposed Plan of Reorganization (“Plan”) that all three claims remain active. [Bankr. Doc. No. 19580, 9/19/08, Ex. 21 at 6].

Anderson also did what this Court observed would avoid the question altogether by doing what the class representative did in Judge Gambardella’s case, to wit: Anderson attached a list of over 3000 putative claimants (including 121 South Carolina claimants) to its worldwide class proof of claim form. [TAB A]. Anderson also attached an affidavit to its statewide class proof of claim identifying hundreds of shipments of Grace’s asbestos products to South Carolina. [TAB B]. Anderson later supplemented both class claims as a matter of right before Grace objected to the claims; the index alone for the supplementation of the worldwide class proof of claim consisted of

835 pages, and the index alone for the statewide class proof of claim consisted of 104 pages. [TABS D and E (cover letters serving indices); Bankr. Doc. Nos. 11267, 10293, 10/22/05 (indices later filed as a part of Anderson's Response to Grace's 15<sup>th</sup> Omnibus Objection)].

### **III. Grace's Objections To The Class Proofs Of Claim**

On September 1, 2005, Grace filed objections to Anderson's class proofs of claim as follows:

#### **A. 13th Omnibus Objection**

Grace specifically challenged S&R's authority to file both class claims on the ground that its "authority to file is allegedly based on 3 South Carolina pleadings from 2001," and that those "South Carolina orders are null and void, have no legal effect, and do not provide Speights with authority to file these claims." [Bank. Doc. No. 9311, 09/01/05 at 3, Exhibit K].

This Court heard Grace's authority objections on October 31, 2005. The Court recognized that the class proofs of claim were not before it that day and told S&R that "filing a class proof of claim, it would seem would eliminate the need to file the individuals." [Bankr. Doc. No. 11025, 10/31/05 at 50]. This Court later entered an Order disallowing and expunging certain Anderson based claims, but it did not expunge or dismiss the class proofs of claim. [Bank. Doc. No. 11080, 11/15/05].

**As of this date, this Court has never addressed Grace's authority objections to the two class proofs of claim.**

#### **B. 15<sup>th</sup> Omnibus Objection**

Grace also filed substantive objections to both class proofs of claim as follows:

##### **1. Worldwide Class (#9911)**

C-1(a) Missing Basic Property Address Info

- C-1(e) Proofs of Claim Asserting Claims for Multiple Properties on a Single Proof of Claim
- C-2 Did not attach Requested Docs
- C-3(c) No supporting PID Documentation/name generic substance product or product line manufactured by Grace and other companies besides Grace
- C-3(e) No supporting documentation relating to PID
- D-2 Barred by Statute of Limitations (Constructive Notice)
- D-6 Barred by Laches
- E-1 Provided no measurement of relevant asbestos levels

**2. Statewide Class (#9914)**

- C-1(a) Missing Basic Property Address Info
- C-1(e) Proofs of Claim Asserting Claims for Multiple Properties on a Single Proof of Claim
- C-2 Did not attach Requested Docs
- C-3(c) No supporting PID Documentation/name generic substance product or product line manufactured by Grace and other companies besides Grace
- C-3(e) No supporting documentation relating to PID
- D-1(b) Acoustical plaster claims after 1969
- D-2 Barred by Statute of Limitations (Constructive Notice)
- D-6 Barred by Laches
- E-1 Provided no measurement of relevant asbestos levels
- F-2 Asserted owner first learned of asbestos in 2003

[Bank. Doc. No. 9315, 09/01/05].

**As of this date, the Court has never addressed Grace's substantive objections to Anderson's class proofs of claim.**

**IV. Grace's Objections to Individual Claims**

Because Anderson attached a list to its class proof of claim, it did not need to do anything else to comply with the Court's procedure. Consistent with this Court's 2002 statement that it was "not sure in every given case that you don't also need either an individual claim form or an identification," however, S&R took another (unnecessary) step and also filed individual claims

which identified the same putative members.

Over three years after the bar date, Grace filed its 13<sup>th</sup> Omnibus Objection challenging S&R's authority to file absent class members' claims. [Bankr. Doc. No. 9311, 09/01/05]. On October 31, 2005, this Court heard Grace's authority objections. As noted above, the Court recognized that the class proofs of claim were not before it that day and told S&R that "filing a class proof of claim, it would seem would eliminate the need to file the individuals." [Bankr. Doc. No. 11025, 10/31/05 at 50]. After S&R tried to explain that "consistent with what we were advised," it "did it both ways," the Court said that "the reality is we don't need both." [*Id.* at 51]. As the Court later explained:

[I] see a distinction between the possible authority to file a class proof of claim and the authority to file individual claims. As to the class proof, for purposes of this discussion right now, I'm just going to accept the proposition that as a putative class representative, you have authority to file those claims because I don't want to deal with that right now in this context. What I am concerned about is where the authority to file the individual claims is because even if you can act as an agent, even if you have the authority to file putative claims on behalf of a class, filing an individual claim is a much different thing. [*Id.* at 56].

After this Court assured S&R that, "I am willing to deal, as I said, right now with the class issues in the context in the motion to certify the class," S&R told the Court that it had no problem in light of the Court's present thinking to simply "withdraw those claims without prejudice to their rights in the event that Your Honor certifies a putative class action." [*Id.* at 56, 71]. After all, S&R always had been of the opinion that filing the class claim was sufficient, plus it had filed the list that the Court had said was in compliance with Judge Gambardella's ruling that it said it would follow. Thereafter, S&R agreed to various Orders withdrawing and expunging individual claims on behalf of the absent class members with the knowledge that it would be without prejudice to those claimants if the Court certified a class action.

Grace has continued to pound Anderson's counsel for filing what it calls "unauthorized claims." As shown above, however, Anderson did exactly what this Court suggested that it do, and in any event, the dismissal of the individual claims has nothing whatsoever to do with the class proofs of claim or the class certification issue.

**V. Anderson's Certification Motion**

As Grace recognized at the most recent hearing, Anderson could not seek certification until there was a contested proceeding with the filing of the objections. In re Charter Co., 876 F.2d 866 (11<sup>th</sup> Cir. 1989). Anderson filed its Motion for Class Certification On October 21, 2005. [Bankr. Doc. No. 10014, 10/21/05]. Earlier this year, this Court denied certification, holding that only claimants who filed individual proofs of claim could be considered for numerosity purposes. [Bankr. Doc. No. 18821, 5/29/08]. However, it has never ruled on Grace's objections to the class proofs of claim. When Anderson brought this to the Court's attention at the October 20, 2008 hearing, the Court's immediate observation was that "the order probably should have expunged the claims, not just denied class certification. If, in fact, they stand – if, in fact, they stand for anything more than just the Anderson individual claim, then they should have been stricken at the time class certification was denied." [Bankr. Doc. No. 19891, 10/20/08, Tr. at 20].

**Response to PART-1- NAME:**

ANDERSON MEMORIAL HOSPITAL ON BEHALF OF ALL BUILDINGS ENCOMPASSED IN ITS CLASS ACTION COMPLAINT. ATTACHED TO THIS CLAIM IS A NON-EXHAUSTIVE LIST OF BUILDINGS OR BUILDING OWNERS KNOWN AS OF THIS DATE. CLAIMANT RESERVES THE RIGHT TO SUPPLEMENT THIS CLAIM AS ADDITIONAL BUILDINGS OR BUILDING OWNERS ARE LOCATED OR COME FORWARD.

**Response to Question 13 (Specify):**

SURFACE TREATMENT, INCLUDING BUT NOT LIMITED TO FIREPROOFING, ACOUSTICAL PLASTER, TEXTURE, MASONRY FILL, OR OTHER ASBESTOS-CONTAINING PRODUCTS.

**Response to Question 17:** The Claimant understands Question 16 to ask for the existence of historical documents demonstrating that Grace's asbestos-containing product was purchased and/or installed in the property. As indicated in its response, the Claimant does not know of any such specific documents at this time. The Claimant assumes that there would have been a large number of original construction documents, including drawings and specifications, which, if not destroyed in the ordinary course of business, might possibly be found at a number of storage facilities, including those under the control of various persons involved with the design and construction of the property and the sale and installation of products in the property. In addition, this claim is based upon an assertion that debtors manufactured or sold products containing asbestos that are or were present in this property and/or all other theories of liability that are allowed by law including but not limited to conspiracy and fraudulent transfer. Moreover, Claimant believes Grace itself may be in control of supporting documentation, or other supporting information, regarding whom Grace or their salesmen sold their products to, and Claimant may need documentation or discovery from Grace on this issue. Claimant does not waive any rights, but is willing to discuss this matter with Grace if it believes Claimant's response is insufficient.

**Response to Question 19:** Refer to Question 17 Response.

**Response to Question 21:** Refer to Question 17 Response.

**Response to Question 23:** Taken literally, Question 22 seeks all documents relating to not only the removal, enclosure and encapsulation, but operations and maintenance documents which attempt to contain contamination from Grace's product. There is insufficient time to locate all such documents that might be called for in Question 22. To the extent that such documents have not been destroyed in the ordinary course of business, they may exist in the files or dead storage of many persons involved with such projects. Before undertaking an effort of this magnitude, Claimant would like to work with Grace to understand exactly what it is that Grace is seeking and whether Claimant can easily accommodate that request.

**Response to Question 27:** As Claimant understands Question 26, Grace seeks all documents of every kind and description not only related to the testing or sampling for the presence of asbestos, including samples taken during any abatement projects, as well as all samples related to any other particulates, including, by way of example only, all silicates, lead dust and other metal dust, beta glucans, etc. Such documents, to the extent they exist, may not only be in the possession of Claimant, but a number of third party contractors and/or consultants as well. Before undertaking the search for all of these documents, Claimant wishes to discuss this matter with Grace and obtain a clarification.

ANDERSON MEMORIAL HOSPITAL ON BEHALF OF ALL BUILDINGS  
ENCOMPASSED IN ITS CERTIFIED CLASS ACTION.

**Response to Question 13 (Specify):**

SURFACE TREATMENT, INCLUDING BUT NOT LIMITED TO FIREPROOFING,  
ACOUSTICAL PLASTER, TEXTURE, MASONRY FILL, OR OTHER ASBESTOS-  
CONTAINING PRODUCTS.

**Response to Question 17:** The Claimant understands Question 16 to ask for the existence of historical documents demonstrating that Grace's asbestos-containing product was purchased and/or installed in the property. As indicated in its response, the Claimant does not know of any such specific documents at this time. The Claimant assumes that there would have been a large number of original construction documents, including drawings and specifications, which, if not destroyed in the ordinary course of business, might possibly be found at a number of storage facilities, including those under the control of various persons involved with the design and construction of the property and the sale and installation of products in the property. In addition, this claim is based upon an assertion that debtors manufactured or sold products containing asbestos that are or were present in this property and/or all other theories of liability that are allowed by law including but not limited to conspiracy and fraudulent transfer. Moreover, Claimant believes Grace itself may be in control of supporting documentation, or other supporting information, regarding whom Grace or their salesmen sold their products to, and Claimant may need documentation or discovery from Grace on this issue. Claimant does not waive any rights, but is willing to discuss this matter with Grace if it believes Claimant's response is insufficient.

**Response to Question 19:** Refer to Question 17 Response.

**Response to Question 21:** Refer to Question 17 Response.

**Response to Question 23:** Taken literally, Question 22 seeks all documents relating to not only the removal, enclosure and encapsulation, but operations and maintenance documents which attempt to contain contamination from Grace's product. There is insufficient time to locate all such documents that might be called for in Question 22. To the extent that such documents have not been destroyed in the ordinary course of business, they may exist in the files or dead storage of many persons involved with such projects. Before undertaking an effort of this magnitude, Claimant would like to work with Grace to understand exactly what it is that Grace is seeking and whether Claimant can easily accommodate that request.

**Response to Question 27:** As Claimant understands Question 26, Grace seeks all documents of every kind and description not only related to the testing or sampling for the presence of asbestos, including samples taken during any abatement projects, as well as all samples related to any other particulates, including, by way of example only, all silicates, lead dust and other metal dust, beta glucans, etc. Such documents, to the extent they exist, may not

only be in the possession of Claimant, but a number of third party contractors and/or consultants as well. Before undertaking the search for all of these documents, Claimant wishes to discuss this matter with Grace and obtain a clarification.

AFTER BEING DULY SWORN, THE AFFIANT DEPOSES AS FOLLOWS:

1. I am at least eighteen years of age and competent to testify as to the matters contained herein. I am employed by the law firm of Speights & Runyan, and have served as counsel for the Plaintiffs in the above-referenced case.

2. The factual information included in this affidavit is based upon my personal knowledge from reviewing documents produced by W. R. Grace & Co., transcripts of legal proceedings and other publically available documents.

3. W. R. Grace manufactured at least 20 products from 1945 to 1973 which it admits are surfacing materials that contained commercially added asbestos. 55 F.R. 5144 (Notice Published by Environmental Protection Agency pursuant to the 1988 Asbestos Information Act). Grace also marketed a product called Zonolite Masonry Fill which is not listed in its Asbestos Information Act disclosure.

4. I have personally examined those billing or invoice registers from Grace's Construction Products Division that have been produced by W. R. Grace at its document repository in Boston, Massachusetts. These seven boxes of billing registers cover every state in the United

States. Billing registers and invoice registers are reports indicating the amount of Grace products sold by Grace during a given month. In 1970, these reports indicated the customer name, product and amount sold, as well as the plant where the product was produced and shipped. By no later than March of 1971, these reports also indicated the state in which the customer resided.

5. Grace's billing registers are not complete. Those produced only cover 35 months total, which are made up of 12 months in 1970, 10 months in 1971, 1 month in 1972, and 12 months in 1973.<sup>1</sup> These records represent only 20% of the time period Grace sold asbestos-containing fireproofing; 13 % of the time Grace sold asbestos-containing textures; and 14% of the time Grace sold asbestos-containing vermiculite, including vermiculite masonry fill.

6. Grace's billing registers are duplicative. The registers themselves report on sales in two different formats. In reviewing these records, I was aware that some records were duplicative and purposefully attempted to count shipments and customers only once. I have re-checked these records for accuracy, and have gathered those (including those months with duplicate reports) pertaining to South Carolina shipments and plants.

7. During the period of time covered by the billing registers, Grace made shipments of asbestos-containing surfacing material to 172 customers in South Carolina. These customers were mostly supply houses who would sell Grace's products to contractors or end-users. In some instances, Grace shipped asbestos-containing products directly to contractors who may have used the shipment on numerous jobs, or who may have used multiple shipments on one job.

8. During the 35 months covered by the billing registers, Grace made 749 shipments

---

<sup>1</sup>Grace claims that it ceased marketing asbestos-containing products at issue in this case in July of 1973. However, review of the billing registers indicate sales of asbestos-containing masonry fill through 1973. The EPA has reported that such sales continued through 1984.

of asbestos-containing surfacing material to South Carolina customers.<sup>2</sup> Of these shipments, 489 were asbestos-containing masonry fill, 91 were asbestos-containing fireproofing and 74 were asbestos-containing ceiling textures. Making the assumption that Grace's shipping rate was twice as high during this 35 month period as it was during the entire balance of time during which they manufactured and sold these products, it can be estimated that Grace made 1746 shipments of masonry fill, 339 shipments of attic insulation, 227 shipments of fireproofing and 284 shipments of ceiling textures into South Carolina during the time they manufactured those products.

9. The billing registers reflect more shipments of asbestos-containing fireproofing to more customers in South Carolina than are evidenced by Grace's invoices. For instance, Grace's invoices indicate 4 shipments of asbestos-containing fireproofing to Byar's Machine Co. in 1973. The billing register for the same time period reflects 9 such shipments to Byar's Machine Co. in 1973. In all, Grace's invoices reflect 110 shipments of fireproofing. During the 35 month period covered by the billing register, invoices reflect 68 shipments of asbestos-containing fireproofing and no shipments of asbestos-containing ceiling textures into South Carolina. The billing registers reflect 91 shipments of fireproofing and 74 shipments of ceiling textures during that period.

FURTHER, THE AFFIANT SAYETH NOT.

---

<sup>2</sup>Since the records from 1970 did not indicate the State to which the product was shipped, I only included customers identified from that year for which there was a reasonable degree of certainty that they were located in South Carolina. Information used in making that judgment included (1) excluding customers such as Augusta Builders, but including customers such as Moultrie Concrete Products; (2) including customers where later entries in the billing register indicate they are located in South Carolina; and (3) including only shipments made from Grace's South Carolina plant. Of all shipments identified, there are 104 made from Grace's South Carolina plant to 64 customers for which there is no State code. By contrast, there are 646 shipments of asbestos-containing products to 109 customers with a South Carolina customer code.

All claims must be signed by the claiming party.

I have reviewed the information submitted on this proof of claim form and all documents submitted in support of my claim. I declare, under penalty of perjury,\* that the above statements are true, correct, and not misleading.

**CONSENT TO RELEASE OF RECORDS AND INFORMATION:** To the extent that I have produced a summary rather than the documents themselves as requested above or indicated who has possession and control of certain documents, I hereby authorize and request that all other parties with custody of any documents or information concerning my property damage or the information contained in this Form, upon the reasonable request of Grace or Grace's representative, with a copy to the claiming party, disclose any and all records to Grace or to Grace's representative.

Month Day Year

\*The penalty for presenting a fraudulent claim is a fine up to \$500,000.00 or imprisonment up to 5 years, or both. 18 U.S.C. §§ 152 & 3571.

**Response to Question 17:** The Claimant understands Question 16 to ask for the existence of historical documents demonstrating that Grace's asbestos-containing product was purchased and/or installed in the property. As indicated in its response, the Claimant does not know of any such specific documents at this time. The Claimant assumes that there would have been a large number of original construction documents, including drawings and specifications, which, if not destroyed in the ordinary course of business, might possibly be found at a number of storage facilities, including those under the control of various persons involved with the design and construction of the property and the sale and installation of products in the property. In addition, this claim is based upon an assertion that debtors manufactured or sold products containing asbestos that are or were present in this property and/or all other theories of liability that are allowed by law including but not limited to conspiracy and fraudulent transfer. Moreover, Claimant believes Grace itself may be in control of supporting documentation, or other supporting information, regarding whom Grace or their salesmen sold their products to, and Claimant may need documentation or discovery from Grace on this issue. Claimant does not waive any rights, but is willing to discuss this matter with Grace if it believes Claimant's response is insufficient.

**Response to Question 19:** Through the Report of Dr. Longo attached hereto.

**Response to Question 21:** Refer to Question 19 Response.

**Response to Question 23:** Taken literally, Question 22 seeks all documents relating to not only the removal, enclosure and encapsulation, but operations and maintenance documents which attempt to contain contamination from Grace's product. There is insufficient time to locate all such documents that might be called for in Question 22. To the extent that such documents have not been destroyed in the ordinary course of business, they may exist in the files or dead storage of many persons involved with such projects. Before undertaking an effort of this magnitude, Claimant would like to work with Grace to understand exactly what it is that Grace is seeking and whether Claimant can easily accommodate that request.

**Response to Question 27:** As Claimant understands Question 26, Grace seeks all documents of every kind and description not only related to the testing or sampling for the presence of asbestos, including samples taken during any abatement projects, as well as all samples related to any other particulates, including, by way of example only, all silicates, lead dust and other metal dust, beta glucans, etc. Such documents, to the extent they exist, may not only be in the possession of Claimant, but a number of third party contractors and/or consultants as well. Before undertaking the search for all of these documents, Claimant wishes to discuss this matter with Grace and obtain a clarification.

1 appointed Judge Sanders as the Futures rep for ZAI and Alan  
2 Rich as its counsel they brought some valuable insights to the  
3 table improved the settlement and enabled us to craft a  
4 comprehensive resolution which will take care of all ZAI  
5 problems in the Grace bankruptcy. We made progress with very  
6 frank discussions with Grace and we had good faith and very  
7 hard bargaining, but arms length bargaining.

8           Your Honor, we are asking the Court today therefore  
9 to certify the class and our proposed order of USZAI claimant  
10 to file claims by the bar date except in the United States. As  
11 you know, Your Honor, from the papers the United States can  
12 only be represented by the Justice Department. So by agreement  
13 we excepted them from the class definition. Asking the Court  
14 also to give preliminary approval to the settlement to allow  
15 the settlement -- information about the settlement to go out to  
16 the class in the class notice that we provided to the Court and  
17 then to schedule a hearing for final approval at which we will  
18 go into more detail about any aspects of the settlement as  
19 illuminated by comments from the class members.

20           Your Honor, at the risk of becoming one of those  
21 lawyers who loses on uncontested motion by talking too long I'm  
22 going to shut up and let anyone else who wishes to comment to  
23 do so. Thank you, Your Honor.

24           THE COURT: All right, anyone? Mr. Freedman.

25           MR. FREEDMAN: Your Honor, for Grace, Theodore

1 Freedman. I'm simply say that Grace absolutely supports this  
2 motion and we would request the Court to enter the order and  
3 put in place the schedule as requested by Mr. Westbrook.

4 THE COURT: Mr. Rich.

5 MR. RICH: Thank you, Your Honor. I just wanted to  
6 echo what counsel for the class said. This was a --

7 COURT CLERK: Please submit your name.

8 MR. RICH: Oh, I'm sorry. Alan Rich. R-i-c-h. This  
9 was a hard bargain at arms length. There were many meetings,  
10 lots before I got involved, and several afterwards. And the  
11 Judge, my Judge, the FCR believes that this settlement is fair  
12 to the class and should be approved. Thank you.

13 THE COURT: Anyone else? Are there any changes that  
14 are necessary to the orders that have been submitted?

15 MR. WESTBROOK: Your Honor, this is Ed Westbrook.  
16 The only thing that is not in the proposed notice or the order  
17 that we have discussed with Grace that we feel that a 45 day  
18 period for the class to comment after the notice is mailed is  
19 sufficient because the notice is to go out by first class mail.  
20 So that date is not in the order. And also a date for the  
21 final approval hearing is not in the order because it depends  
22 on the dates for the notice, when the notice is set.

23 THE COURT: Okay. How much time are you going to  
24 need to effectuate service?

25 MR. WESTBROOK: Your Honor, the order provides that

**ANSWER OF W. R. GRACE & CO. AND W. R. GRACE & CO. - CONN.  
TO FIRST AMENDED CLASS ACTION COMPLAINT**

Defendants, W. R. Grace & Co. - Conn. and W. R. Grace & Co. ("Grace"), answer the First Amended Class Action Complaint ("amended complaint") as follows.

In answering this amended complaint, Grace assumes that the use of the name "W. R. Grace & Company" refers to "W. R. Grace & Co.", a Connecticut corporation formed in 1899 that changed its corporate name to W. R. Grace & Co. - Conn. in 1988. The use of the term "Grace" in this answer thus refers to a single Connecticut corporation that has transacted business continuously since 1899 under two names: W. R. Grace & Co. (1899-

8. Responding to paragraph 8 of the amended complaint, Grace denies the allegations contained therein.

9. Responding to paragraph 9 of the amended complaint, Grace lacks knowledge or information sufficient to form a belief as to the truth of the allegations contained therein but denies that the class described by named plaintiff can properly be certified. Grace further states that, given the other allegations of the amended complaint, the amount in controversy as to Anderson Memorial Hospital's claims should exceed fifty thousand (\$50,000) dollars.

10. Responding to paragraph 10 of the amended complaint, Grace denies that the purported class is appropriate for certification as a class action under Rule 23 of the Federal or South Carolina Rules of Civil Procedure.

11. Responding to paragraph 11 of the amended complaint, Grace admits that the named plaintiff purports to define a class to exclude the entities and buildings described in paragraph 11 of the amended complaint. Grace denies that the class that the named plaintiff purports to define may properly be certified for class action treatment under Rule 23 of the Federal or South Carolina Rules of Civil Procedure.

12. Responding to paragraph 12 of the amended complaint, Grace admits that the class that the named plaintiff purports to define is sufficiently numerous that joinder of all proposed members is impracticable but denies that the purported class may be maintained under Rule 23.

13. Responding to paragraph 13 of the amended complaint, Grace denies the allegations in the first sentence of paragraph 13. Grace is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in paragraph 13 except

AMENDED ANSWER OF W. R. GRACE & CO.  
AND W. R. GRACE & CO. - CONN.  
TO FIRST AMENDED CLASS ACTION COMPLAINT

This case having been removed to federal court and remanded back to state court, defendants, W. R. Grace & Co. - Conn. and W. R. Grace & Co. ("Grace"), now answer the First Amended Class Action Complaint ("amended complaint") as follows.

Grace is without knowledge or information sufficient to form a belief as to the truth of the remaining allegations in paragraph 13 except it admits that the firm of Speights and Runyan has been involved in a number of asbestos property damage cases.

14. Responding to paragraph 14 of the amended complaint, Grace denies the allegations contained therein.

15. Responding to paragraph 15 of the amended complaint, Grace denies the allegations contained therein.

16. Responding to paragraph 16 of the amended complaint, Grace denies the allegations contained therein.

17. Responding to paragraph 17 of the amended complaint, Grace denies the allegations contained therein.

18. Responding to paragraph 18 of the amended complaint, Grace denies the allegations contained therein.

**Thirtieth Defense**

Named plaintiff has failed to state any claim for fraud by Grace with the degree of particularity required by Rule 9 of the South Carolina Rules of Civil Procedure.

**Thirty-First Defense**

Plaintiffs had a duty to take reasonable steps to guard against and avoid future harm which it failed to do and it is therefore barred from recovery for any injuries caused by any alleged wrongdoing.

WHEREFORE, having fully answered, Grace prays that plaintiffs' amended complaint be dismissed in its entirety, a judgment be entered in Grace's favor, that Grace be awarded costs and attorneys' fees, and that the court award such further relief as is deemed appropriate.

STATE OF SOUTH CAROLINA	)	REVISED AND SUPPLEMENTAL
	)	AFFIDAVIT
COUNTY OF HAMPTON	)	

AFTER BEING DULY SWORN, THE AFFIANT DEPOSES AS FOLLOWS:

I, Susan T. Murdaugh, am at least eighteen years of age and competent to testify as to the matters contained herein. I have been employed as a paralegal for Daniel A. Speights since May 1981. I have been in charge of the files relating to W.R. Grace & Co. ("Grace") and United States Gypsum Company ("USG") since Mr. Speights began bringing asbestos PD lawsuits against them on behalf of South Carolina school districts in 1982. I have been in charge of the Anderson Memorial Hospital ("AMH") file since Mr. Speights brought an asbestos PD lawsuit on its behalf in 1992. I have also been in charge of processing of AMH's Claims against USG.

This Affidavit is a revision to my February 4, 2015 Affidavit (DI 32503-4) due to a mathematical error in the previous attached chart of product totals. An amended chart is attached to this Affidavit.

The factual information included in this Affidavit is based upon my personal knowledge from reviewing documents produced by Grace and my supervision of the Claims made against USG.

In 1995, Grace produced seven (7) boxes of billing or invoice registers from

its Construction Products Division at its document repository in Boston, Massachusetts. These registers indicate the amount of Grace products sold during a given month and also indicate the customer name, product name or type and amount sold, as well as the plant where the product was produced and shipped. Some of the billing registers include the state in which the customer resided. These registers are not complete as they only cover a period from 1971 to 1973.

In September 2013, I was placed in charge of a team tasked with reviewing these billing registers and documenting all of the information which could be gleaned from the registers about the distribution of Zonolite Attic Insulation, Masonry Fill and Surface Treatment products. The team which carried out the task included employees of the Speights & Runyan firm, Rosie Lightsey, Hope Youngblood, Tammy Shaffer, Kim Noll and myself. After the documents were reviewed, they were then given to Rosie Lightsey, a legal assistant in our firm, to enter into an Excel spreadsheet. Mrs. Lightsey, Mrs. Noll, Mrs. Youngblood, and Mrs. Shaffer all contributed to the effort which took months of work dedicated almost exclusively to this large task. Over 2,000 hours was spent on this project which was completed in May 2014.

While I was reviewing these registers, I noted considerable duplication (same invoice number, amount, etc.) as the registers often recorded the same sale in two different formats. I directed the team entering the data to avoid all duplications which

we could find, however, it is probable that some amount still exists due to the sheer volume of data.

At the completion of this project, Dan Speights asked Mrs. Lightsey to tally the product totals but first she was instructed to delete all duplicates from the spreadsheet. Attached to this Affidavit is Mrs. Lightsey's amended chart of product totals marked as Exhibit A.

This Affidavit also provides supplemental information regarding AMH's Claims against USG. In connection with the South Carolina Claims AMH made against USG, the Administrator allowed sixty-seven (67) Claims on behalf of South Carolina homeowners and five (5) Claims on behalf of South Carolina churches, as reflected in the two charts marked as Exhibits B and C.
